Tuesday 7 February 2012

Dear Parent/Guardian

You will all be aware of the devastating loss experienced by our school community when, just before Christmas 2011, we were numbed to learn of the tragic passing of our Year 12 pupil James Henry. As a pupil, James was a well liked and popular member of his year group. James was a keen footballer and it was predicted that he would perform well in his exams; he is sorely missed.

As a school, we would like to play our part in supporting not only the pupils in school and the entire community but especially the Henry family as they, and we, face the future without his cheerful presence. As part of that support, the school will be holding a **Breakfast Morning on Wednesday 15 February from 10.30-11.30am**, with all proceeds going to Tullyvallen FC to help fund the development of their impressive new facilities and the excellent work which they do for young people in the area.

This event, which is open to members of the community and school pupils, is being organised with the approval and support of the Henry family; your support would also be appreciated. Our thanks also go to Mrs Sharon Porter and her staff, without whose help the event could not take place.

It is intended to offer sausage and bacon baps priced at £2.50 for adults and £2.00 for school children aged under 16. In order that we can plan the catering arrangements so that enough food is available, it is important that we receive an estimate of the numbers who will be attending (see reply slip below).

I trust that this arrangement meets with your approval and that everyone will support the event.

Yours sincerely

_____ Garnet Mullan

I would like to attend the Breakfast Morning on 15th February at 10.30am.

Signed: _____

Number of adults: _____

Number of pupils (Under 16): _____
